

Parent Letter

Dear Parent/Guardian,

Greetings! Your piano teacher has recommended your child to participate in Piano Adventures Exams! The goal of these Online Exams is for piano students, beginning to intermediate, to develop a love of the **language of Theory** and the **artistry of Performance**.

The Piano Adventures award-winning curriculum, in tandem with your child’s piano teacher, offers an adventurous opportunity. From the earliest levels, the Exams encourage your child to be an “examiner” and promote your child’s intellect, confidence, and musicianship.

Your teacher will guide your child’s preparation for a Theory Exam and/or Performance Exam. The **Theory Exam** is an engaging experience that is available online and on-demand to support each student’s individual schedule. It serves as a “musical metric” for theory essentials, so important for fine musicianship. The **Performance Exam** gives your child a chance to select and perform 3 pieces he or she loves from the Piano Adventures curriculum. These are recorded at home or at the lesson and then uploaded for evaluation by a Piano Adventures Coach. The student receives ratings on various musical skills as well as personalized comments.

Students will be distinctly recognized for the completion of Exams at each level by earning Certificates and Diplomas featuring special award badges. High-achieving students also have an opportunity to be recognized publicly on the online Piano Adventures Bravo Board.

The Piano Adventures Exams bring student, teacher, and parent together for a powerful triangle of musical support—from practice and preparation, to child-friendly, nurturing exams, to a commemorative Diploma that honors the musical skills achieved. We look forward to seeing you soon!

Yours in music,

Trophy and the Piano Adventures Exams Team
